Built to create. Made by you.

All Kenwood Kitchen Machines allow you to create a variety of dishes, from simple to complex. Choose from a wide range of Kitchen Machines, all with a key set of features as standard – these represent the Kenwood point of difference.

The MultiDrive Motor is for the toughest jobs. It helps you to create more with ease; from mixing a large batch of cookies to kneading back-to-back heavy dough loads.

Mix big and small batches from the same bowl. With up to a 6.7L capacity you can mix anything from one egg to enough mixture for 24 cookies, without switching bowls.

A Kitchen Machine you won't outgrow. With a range of 20+ attachments available, tackle new food challenges and create more.

The best machine by every standard. With up to 10 years warranty, this machine is durable and built to last.

Discover

These Kitchen Machines are ideal for those who enjoy cooking or are looking for a quality machine to cook with the kids.

Make more exciting meals, with less effort.

A Kenwood Food Processor is an essential tool for people who need an extra pair of hands in the kitchen. They save time and effort when making nutritious, homemade food for the family and are perfect for everyday use.

Save space in the kitchen by running your Food Processor and blender from the same base. The motor automatically adjusts its power to run multiple attachments.

Create a variety of nutritious food using the tools included in-pack. Including a blender; dough tool; knife blade; grating, slicing and rasping discs.

Chop quickly or knead dough slowly to produce the best results, with a choice of variable and automatic speed control.

A fast and durable kitchen tool that you can rely on. With stainless steel blades, a powerful motor and five year warranty, it can handle a range of tough jobs.

Discover

These Food Processors are ideal for those wanting to prepare simple, quick meals.
